## Ignite The Spark Contest Celebrates Five Years!

### What Is The Ignite The Spark Contest?

The goal of our Ignite the Spark contest is for our students to complete exciting and engaging tasks that represent our values and encourage practice. All month long they will delve into their creativity by writing songs, build courage as they learn ways to conquer stage fright, create lifelong bonds with other students and experience unique opportunities to explore and discover what makes them excited about music with the chance to win exciting prizes donated by local businesses!

This year will be bigger and better than ever! In celebration of our five year contest anniversary we have created a special edition Sparkle Card with new and inspiring ways to participate.
